GENERAL INFORMATION ON PETITIONS

NOTE: The information contained here is intended to provide general guidance for those who are preparing to circulate petitions, and is not to be used as a substitute for consulting the Election Law for specific petition requirements.

Persons wishing to run for elective office may be nominated either by a political party or through the filing of an independent nominating petition. Party members may also circulate petitions to create the opportunity to write in the name of an unspecified person for an office in which there is no contest for the party endorsement. The current political parties are the Republican, Democratic, Independence, Conservative and Working Families parties. Any person who is not nominated by one of these parties must file an independent nominating petition. The requirements for all petitions are contained in Article 6 of the Election Law. The provisions for village elections vary slightly, and the reader is directed to Article 15 of the Election Law for specifics.

Party Nominations

Party nomination of candidates for elective office is made at either a party caucus or at a primary election.

Caucuses

A caucus is an open meeting of a town or village's political party at which candidates are nominated for elective office. Only residents of the town or village who are enrolled members of the party may participate in the caucus. For further information on caucuses see, Election Law *§6-108* (towns) and *§15-108* (villages).

Designating Petitions

If a party nominates its candidates through the primary election process, party designations for this primary are made on a designating petition. The Election Law sets forth the form of this petition; *§6-132* (state, county and town offices) and *§15-108* (village offices). Only enrolled members of a party qualified to vote for an office may sign designating petitions of the party.

Nomination of Non-Party Member

Political parties may nominate a candidate who is not an enrolled member of the political party. Such parties must file a certificate of authorization, signed and acknowledged by the presiding officer and the secretary of the meeting at which the authorization is given. A certificate of authorization is not needed for nominations resulting from a caucus or for a candidate for a judicial office.

GENERAL INFORMATION ON PETITIONS

Independent Nominations

To run for office on a line other than an official party line, one must file an independent nominating petition. The Election Law sets forth the form of this petition; *§6-140* (state, county and town offices) and *§15-108* (village offices). Any registered voter who has not already signed a designating petition, and who is qualified to vote for an office, may sign an independent nominating petition for that office. For Village offices if you participated in a caucus, you cannot sign an independent nominating petition.

Form of Petitions

The statute requires that all petitions be substantially in the form set forth in the law. See, Election Law *§6-132* (party designating petitions), *§6-140* (independent nominating petitions) and *§15-108* (village designating and independent petitions). Deviations or slight rearrangements of the form of petition are not fatal defects, provided that the petition contains all of the required information.

Each sheet of the petition must correctly set forth:

- → the date of the election;
- → the name of the candidate and the office or position sought;
- → the candidate's residence, and if different, their mailing or post office address;
- → information about the signer: date of signing, voter's residence address, town or city and
- → information relating to the person who witnesses the signatures.

A petition may include a committee on vacancies. Failure to provide such a committee, or naming a committee of fewer than three persons, will not invalidate the petition.

The voter need only sign the appropriate line on the petition sheet. All other information may be filled in by someone else. Corrections may be made to any information on the signature line. However, corrections or alterations in the date or the signature MUST be initialed by the person making the correction.

Voters may not sign a petition for more candidates than there are openings for an office. For example, if there is one council seat open, then the voter may only sign one petition for a candidate for that office. If there are 2 seats open, the voter may sign petitions for 2 candidates.

The pages of a petition must be sequentially numbered and securely fastened.

GENERAL INFORMATION ON PETITIONS

Witnesses to a Petition

Anyone who is qualified to sign a petition may witness a petition. The information required for the witness statement is mandatory. Omissions, errors, or unexplained alterations/corrections, may invalidate the entire page. When the witness signs the statement of witness, they are making an oath that subjects them to the penalties for perjury if any of the information preceding their signature is false. The information preceding the signature includes the name and residence of the witness; the number of signatures on the page; a statement that each person signed in their presence; and the date they are signing the statement. Witness identification information, which follows the witness's signature, may be provided by anyone, at any time before the petition is filed. This information includes the town or city; and the county of the witness's registration.

Cover Sheets

If there are 10 or more pages in a petition, there must be a cover sheet. In New York City, and in other counties where identification numbers are used, only one cover sheet is required, regardless of the number of volumes in the petition. In all other instances, a multi-volume petition requires a cover sheet for each volume.

Cover sheets **must** contain the following information:

- → Name, residence address, and mailing address if different, of the candidate.
- → The public office or party position sought.
- → The name of the party or independent body making the nomination.
- → A statement that the petition contains a number of signatures equal to or in excess of the number required by statute.
- → The volume number OR identification number of that volume.
- → The total number of volumes in each petition OR the identification number for each volume of the petition.

The following information is **optional:**

- → The name, residence address, (and mailing address if different) telephone number, and facsimile number of the person designated to receive notice of deficiencies in binding or cover sheet requirements.

There are additional requirements if the petition contains candidates for county committee, and if there are different candidates on the several pages of the petition. Those requirements are contained in *Part 6215* of the rules and regulations of the State Board of Elections.

Pursuant to *Part 6215* of the rules and regulations of the State Board of Elections, the Board will provide notice of any correctable errors in cover sheet(s) and binding.

GENERAL INFORMATION ON PETITIONS

Filing of Petitions, Acceptances, Authorizations and Declinations

All filings must be filed timely and in the proper manner at the appropriate board of elections. Pursuant to section 1-106(1) of the New York State Election Law, all papers are required to be filed between the hours of nine A.M. and five P.M. If the last day for filing shall fall on a Saturday, Sunday or legal holiday, the next business day shall become the last day for filing. All papers sent by mail in an envelope postmarked prior to midnight of the last day of filing shall be deemed timely filed and accepted for filing when received, **except** any documents that are required to be filed with the board of elections of the city of New York must be actually received by such city board of elections on or before midnight of the last day to file any such document. Failure to do so shall be a fatal defect.

No filings will be accepted by facsimile or e-mail.

Candidates must file a certificate of acceptance for nominations made by independent nominating petitions, or if they are named in a designating petition but are not enrolled members of that party. Neither an authorization nor an acceptance is required if the individual is a candidate for a judicial office. A declination must be filed should the candidate decide not to accept the designation or nomination.

Objections

Every petition is presumed to be valid when filed, if, on its face, it appears to be in proper form and to contain enough signatures. However, a registered voter may challenge the validity of a petition. Written objections must be filed within 3 days after the petition is filed (1 day in a village election). Specifications of objections must be filed within 6 days of filing the general objections (2 days in a village election). For petitions filed with the State Board of Elections, objectors must deliver a copy of the specifications of objections to the candidate and file proof of such delivery with the State Board. For further details see Election Law *§6-154* and *§15-108* and *Part 6204* of the rules and regulations of the State Board of Elections.

RULES AND REGULATIONS
OF THE NY STATE BOARD OF ELECTIONS
Title 9, Subtitle 5, NYCRR

§ 6201.2 Use of Public Opinion Polls

No candidate, political party or committee shall attempt to promote the success or defeat of a candidate by directly or indirectly disclosing or causing to be disclosed the results of a poll relating to a candidate for such an office or position, unless within 48 hours after such disclosure, they provide the following information concerning the poll to the board or officer with whom statements or copies of statements of campaign receipts and expenditures are required to be filed by the candidate to whom such poll relates:

(a) The name of the person, party or organization that contracted for or who commissioned the poll and/or paid for it.

(b) The name and address of the organization that conducted the poll.

(c) The numerical size of the total poll sample, the geographic area covered by the poll and any special characteristics of the population included in the poll sample.

(d) The exact wording of the questions asked in the poll and the sequence of such questions.

(e) The method of polling—whether by personal interview, telephone, mail or other.

(f) The time period during which the poll was conducted.

(g) The number of persons in the poll sample: the number contacted who responded to each specific poll question; the number of persons contacted who did not so respond.

(h) The results of the poll.

§ 6204.1 Specification of objections to designating and independent nominating petitions.

(a) Any person filing general objections to any designating or independent nominating petition filed with the State Board of Elections who thereafter files specifications of his objections to any such petition with such board shall do so in accordance with the provisions of Section 6-154 of the Election Law. All such specifications shall substantially comply with the following requirements:

(1) The volume number, page number, and line number of any signature objected to on any petition shall be set forth in detail. In addition, any portion of any petition or any signature line or witness statement objected to shall be specifically identified and reasons given for any such objection;

(2) The total number of signatures objected to shall be set forth and all objections relating to a single signature line should be grouped together;

(3) Symbols and/or abbreviations may be used to set forth objections, provided that a sheet explaining the meaning of any such symbols and/or abbreviations is attached to the specifications.

(b) No specifications of objections to any petition will be considered by the Board unless the objector filing the specifications personally delivers or mails by registered or certified mail a duplicate copy of the specifications to each candidate for public office named on the petition. In the case of a petition containing candidates for party position, service of the specifications shall be made on either the named candidates or the first person named on the petition's committee to fill

vacancies. Service shall be made on or before the date of filing of any specifications with the Board. Proof of service shall accompany the specifications or be received by the end of business two days following the filing of the specifications, whichever is later.

(c) Any notice and/or determination relating to a petition for which specifications of objections have been filed shall be transmitted by the Board to the objector filing the specifications, provided that any such objector may designate an attorney or agent to receive any such notice and/or determination on his behalf. Any such designation shall be in writing and include the name, address and telephone number of any such attorney or agent, and any such attorney and/or agent shall be eligible to represent any such objector in any proceeding conducted by the Board relating to the specifications.

§6215.1 Rules for filing designating and nominating petitions.

a. The sheets of a petition shall be numbered sequentially at the foot of each sheet.
b. All petitions containing ten or more sheets shall be accompanied by a cover sheet.
c. Any two or more petition sheets shall be securely fastened together by any means which will hold the pages together in numerical order.
d. Petition sheets may be fastened together to form one or more volumes.
e. Individual volumes of a petition shall be filed in the following manner:

(1) With respect to petitions which are filed with the Board of Elections in the City of New York, or petitions which are filed with other boards of elections containing candidates for more than one public or party office which are not coterminous, each volume of each petition shall bear an identification number, to be obtained in accordance with Section 6215.3, infra. The assigned identification number shall be inscribed on the front of the volume. If an identification number has not been inscribed by the person or persons filing the petition, and the petition consists of multiple volumes, then each volume of the petition shall be separately numbered on the front thereof. Only one identification number may be used to identify a petition volume.

(2) Any Board of Elections outside the City of New York may adopt a petition filing system for all petitions utilizing identification numbers as provided for in Section 6215.3. The Board may adopt such system through the approval of a rule at least two months prior to the first day to circulate petitions. The rule shall be filed at the county board of elections and the State Board of Elections.

(3) With respect to all other petitions which contain ten or more sheets, each volume of the petition shall have a cover sheet secured to the front of such volume.

§6215.2 Cover Sheets

(a) A cover sheet shall contain the following information:

1) The office and district number (where appropriate)for which each designation and nomination is being made, the name and residence address of each candidate, and the number of volumes comprising the petition. The names and addresses of candidates for the county committee may be set forth, by assembly district (or, in the City of New York, by election district) on a schedule to be annexed to the cover sheet. Cover sheets for the positions of County Committee in the City of New York shall include, in addition to such schedule a list by election district of the identification numbers (if known) or the volume number, and page number where such signatures appear for each election district.

2) An identification of the volumes comprising the petition. When multiple volumes are filed pursuant to Section 6215.1(e)(1) or (2) of these rules, a single cover sheet may be filed with volumes identified by listing the identification number of each volume either individually or cumulatively, and the total number of volumes in the petition. With respect to all other petitions filed in multiple volumes, each volume shall have a cover sheet which shall indicate the volume number; such volumes shall be numbered sequentially and the cover sheet from the first volume shall set forth the total number of volumes comprising petition.

3) A statement that the petition contains the number, or in excess of the number, of valid signatures, required by the Election Law.

4) A place for the optional designation of a contact person other than the candidate(s) to be notified to correct noncompliance with these regulations.

(b) Cover sheets shall be substantially in the form set forth in Section 6215.8, infra.

(c) Where a designating petition involves an office to be filled by the voters of the entire state, the petition shall be accompanied by a schedule which sets forth the volume and page number of each sheet on which signatures appear of at least 100 or 5 per centum, which ever is less, of properly enrolled voters in each of at least one-half of the Congressional Districts of the state.

(d) Where a nominating petition involves an office to be filled by the voters of the entire state, the petition shall be accompanied by a schedule which sets forth the volume and page number of each sheet on which signatures appear of at least 100 voters in each of at least one-half of the Congressional Districts of the state.

§6215.4 Multiple Candidates Named On a Petition

(a) All the signatures appearing in a petition volume shall apply to all candidates named in that volume, unless the cover sheet specifies otherwise.

(b) In the event that the same candidates do not appear on each and every sheet of the petition, then the cover sheet shall indicate which signatures apply to which candidate, by indicating the name of the candidate, the identification number or the volume number, and the page number of the applicable signatures. Signatures on such pages may be identified by specified numerical ranges (e.g., pages 1 through 15, pages 15-45).

§6215.5 Filing of petitions

(a) Neither the application for, nor the issuance of, an identification number constitutes filing of a petition.

(b) Petitions shall be filed with the applicable Board of Elections as set forth in the Election Law. The officer or Board shall endorse the day, hour and minute of receipt on such petitions. Such officer or Board shall keep a book, which shall be open to public inspection, in which shall be entered the name of the candidate, and volume or identification numbers of the petitions which have been filed and the time of their filing.

§6215.6 Construction of rules; substantial compliance

(a) Except as specifically set forth herein, these rules shall be liberally construed and technical defects shall be disregarded where there has been substantial compliance and where a strict construction is not required for the prevention of fraud.

(b) The failure to obtain an identification number or inscribe an identification number on one or more petitions or petition volumes shall not render any such petition or petition volume invalid. The officer or Board receiving such petition or petition volume shall assign identification numbers to such petition or petition volumes, shall inscribe the identification number upon the petition or volume, and shall record the identification number of such petition or volume. In such instances, the person or persons submitting the petition or petition volume for filing shall be deemed to be the applicant for the identification number, or in the event the persons submitting the petition or petition volume, cannot be identified, the candidates named on the petition or petition volume shall be deemed to be the applicant or applicants.

§6215.7 Determinations; cures pursuant to Section 6-134(2) of the Election Law

(a) Within two (2) business days of the receipt of the petition, the Board with whom such petition was filed shall review the petition to determine whether the petition complies with the cover sheet and binding requirements of these regulations. Such review shall be limited to matters apparent on the face of the documents. Such review, and such determination, shall be without prejudice to the determination by the Board of objections and specifications of objections filed pursuant to the provisions of the Election Law.

(b) In the event that, upon the review conducted pursuant to paragraph (a) above, the Board determines that a petition does not comply with these regulations, the Board shall forthwith notify the candidate or candidates named on the petition of its determination and the reasons therefor.

(c) Notification of a determination of noncompliance shall be given by written notice by depositing such notice on the day of such determination with an overnight delivery service, for overnight delivery, on the next business day, or by personal delivery by the day after the determination to the candidate or the contact person, if designated, at the address stated on the petition. Notification shall be given by overnight delivery or personal delivery only, unless the candidate shall have filed with the Board written authorization, signed by the candidate, for the Board to give notification by facsimile transmission. In the event that the candidate shall have authorized notification by facsimile transmission, then the Board shall notify the candidate or the contact person, if designated, by facsimile transmission on the day of the determination to the number set forth by the candidate and shall, in addition, mail a copy of the determination to the candidate.

(d) A candidate may, within three (3) business days of the date of a determination that the petition does not comply with these regulations, cure the violation of these regulations. Cover sheet deficiencies may be corrected by the filing of an amended cover sheet. Such cure or correction must be received by the Board of Elections no later than the third business day following such determination.

(e) If the petition is one for an opportunity to ballot, then the first named person on the committee to receive notices or applicant(s) for the identification number or numbers under which the petition was filed shall be deemed to be the "candidate" for purposes of subparagraphs (b), (c), and (d) above.

RUNNING FOR PRESIDENT

Independent Candidates

An independent candidate for president is someone who is running on a line other than an official party line. Petitions for independent candidates must include the names of the presidential and vice-presidential candidates, as well as the names of person(s) running for the electoral college. Each state is permitted to have one elector for each congressional district, plus two at-large electors.

Independent petitions for president must contain 15,000 signatures. At least 100 signatures must come from each of one-half of the congressional districts in the state. Election Law *§6-142(1)*. Each candidate named in an independent petition for president is required to file an acknowledged acceptance of the nomination no later than the third day after the last day to file the petition. Election Law *§6-146(1)*.

If there are 10 or more pages in a petition, there must be a cover sheet. A multi-volume petition requires a cover sheet for each volume. Cover sheets must contain the following information:

- → Name, address, and mailing address if different, of candidates
- → Office sought
- → Name and emblem of the independent body making the nomination
- → A statement that the petition contains a number of signatures equal to or in excess of the number required by statute.
- → The volume number of that volume
- → The total number of volumes in the petition

Additional information on cover sheets is contained in *Part 6215* of the rules and regulations of the State Board of Elections.

Write-In Candidates

To run as a write-in candidate for president, you are required to file a certificate of candidacy with the State Board of Elections no later than the third Tuesday prior to the general election. The certificate must be signed by the presidential candidate and must contain the following information:

- → Name and address of presidential candidate
- → Name and address of any vice-presidential candidate, and a signed certificate of acceptance from such candidate
- → Name and address of at least one elector, with an acceptance certificate and pledge of support signed by each such candidate for elector.

See Election Law *§6-153* for further information.

2) An identification of the volumes comprising the petition. When multiple volumes are filed pursuant to Section 6215.1(e)(1) or (2) of these rules, a single cover sheet may be filed with volumes identified by listing the identification number of each volume either individually or cumulatively, and the total number of volumes in the petition. With respect to all other petitions filed in multiple volumes, each volume shall have a cover sheet which shall indicate the volume number; such volumes shall be numbered sequentially and the cover sheet from the first volume shall set forth the total number of volumes comprising petition.

3) A statement that the petition contains the number, or in excess of the number, of valid signatures, required by the Election Law.

4) A place for the optional designation of a contact person other than the candidate(s) to be notified to correct noncompliance with these regulations.

(b) Cover sheets shall be substantially in the form set forth in Section 6215.8, infra.

(c) Where a designating petition involves an office to be filled by the voters of the entire state, the petition shall be accompanied by a schedule which sets forth the volume and page number of each sheet on which signatures appear of at least 100 or 5 per centum, which ever is less, of properly enrolled voters in each of at least one-half of the Congressional Districts of the state.

(d) Where a nominating petition involves an office to be filled by the voters of the entire state, the petition shall be accompanied by a schedule which sets forth the volume and page number of each sheet on which signatures appear of at least 100 voters in each of at least one-half of the Congressional Districts of the state.

§6215.3 Identification Numbers, application, distribution and utilization

(a) Identification numbers shall be issued by the State and County Boards of Elections, without charge, for the purpose of identifying petition volumes.

(b) The State Board shall assign a series of identification codes to each County Board.

(c) Any person or persons, individually or jointly, may obtain one or more identification numbers, upon written application, from the Board of Elections. Individuals who do not wish to apply for these numbers in advance will have them assigned to their petitions when they are submitted to the Board of Elections in accordance with section 6215.6 (b) of these rules. Identification numbers may be used only within the calendar year for which issued.

(d) The State Board of Elections shall promulgate an identification number application form, which shall be used by any board of elections. The application shall set forth: (1) the name and residence address of each applicant for the identification number; (2) the daytime and evening telephone numbers for such applicant; (3) the type of petition to be filed under the identification number (i.e., Designating, Nominating, Opportunity to Ballot); (4) the date of the election; (5) the Name of the Party or Independent Body; and (6) the number of identification numbers requested. Each application shall be signed by each applicant and shall be dated.

(e) Upon receipt of an application for an identification number, the Board shall forthwith issue the quantity of identification numbers requested, inscribe such numbers on the original application, and record the numbers issued with the name and address of the applicant in a book which shall be available for public inspection. In the event that an application is filed by multiple applicants, the Board shall record in the book only the name and address of the first-named applicant.

(f) An assigned identification number may be used for the filing of petition sheets only by the person to whom the identification number was issued. In the case of multiple applicants, the identification number may be used by any of the applicants.

§6215.4 Multiple Candidates Named On a Petition

(a) All the signatures appearing in a petition volume shall apply to all candidates named in that volume, unless the cover sheet specifies otherwise.

(b) In the event that the same candidates do not appear on each and every sheet of the petition, then the cover sheet shall indicate which signatures apply to which candidate, by indicating the name of the candidate, the identification number or the volume number, and the page number of the applicable signatures. Signatures on such pages may be identified by specified numerical ranges (e.g., pages 1 through 15, pages 15-45).

§6215.5 Filing of petitions

(a) Neither the application for, nor the issuance of, an identification number constitutes filing of a petition.

(b) Petitions shall be filed with the applicable Board of Elections as set forth in the Election Law. The officer or Board shall endorse the day, hour and minute of receipt on such petitions. Such officer or Board shall keep a book, which shall be open to public inspection, in which shall be entered the name of the candidate, and volume or identification numbers of the petitions which have been filed and the time of their filing.

§6215.6 Construction of rules; substantial compliance

(a) Except as specifically set forth herein, these rules shall be liberally construed and technical defects shall be disregarded where there has been substantial compliance and where a strict construction is not required for the prevention of fraud.

(b) The failure to obtain an identification number or inscribe an identification number on one or more petitions or petition volumes shall not render any such petition or petition volume invalid. The officer or Board receiving such petition or petition volume shall assign identification numbers to such petition or petition volumes, shall inscribe the identification number upon the petition or volume, and shall record the identification number of such petition or volume. In such instances, the person or persons submitting the petition or petition volume for filing shall be deemed to be the applicant for the identification number, or in the event the persons submitting the petition or petition volume, cannot be identified, the candidates named on the petition or petition volume shall be deemed to be the applicant or applicants.

§6215.7 Determinations; cures pursuant to Section 6-134(2) of the Election Law

(a) Within two (2) business days of the receipt of the petition, the Board with whom such petition was filed shall review the petition to determine whether the petition complies with the cover sheet and binding requirements of these regulations. Such review shall be limited to matters apparent on the face of the documents. Such review, and such determination, shall be without prejudice to the determination by the Board of objections and specifications of objections filed pursuant to the provisions of the Election Law.

(b) In the event that, upon the review conducted pursuant to paragraph (a) above, the Board determines that a petition does not comply with these regulations, the Board shall forthwith notify the candidate or candidates named on the petition of its determination and the reasons therefor.

(c) Notification of a determination of noncompliance shall be given by written notice by depositing such notice on the day of such determination with an overnight delivery service, for overnight delivery, on the next business day, or by personal delivery by the day after the determination to the candidate or the contact person, if designated, at the address stated on the petition. Notification shall be given by overnight delivery or personal delivery only, unless the candidate shall have filed with the Board written authorization, signed by the candidate, for the Board to give notification by facsimile transmission. In the event that the candidate shall have authorized notification by facsimile transmission, then the Board shall notify the candidate or the contact person, if designated, by facsimile transmission on the day of the determination to the number set forth by the candidate and shall, in addition, mail a copy of the determination to the candidate.

(d) A candidate may, within three (3) business days of the date of a determination that the petition does not comply with these regulations, cure the violation of these regulations. Cover sheet deficiencies may be corrected by the filing of an amended cover sheet. Such cure or correction must be received by the Board of Elections no later than the third business day following such determination.

(e) If the petition is one for an opportunity to ballot, then the first named person on the committee to receive notices or applicant(s) for the identification number or numbers under which the petition was filed shall be deemed to be the "candidate" for purposes of subparagraphs (b), (c), and (d) above.

2013 Filing Calendar

Enclosed is the 2013 Filing Calendar. Please note that at this time the next campaign financial disclosure report is due July 15, 2013*. This report must contain all campaign financial activity from January 12, 2013, through July 11, 2013. For committees formed after January 11, 2013, this report must contain all campaign financial activity from the date of formation through July 11, 2013.

** Note: Candidates and committees which participate in any 2013 election (including a special election) held prior to the July 15, 2013 filing date, are required to file election reports for that election. Contact NYSBOE or your local board of elections to obtain the schedule of applicable filing dates. In such a case, the July 15th filing will contain all campaign financial activity from the cut-off date of the post-election report through July 11, 2013. Candidates who are running for office in the Fall 2013 Primary and/or General Election, and who have not yet made any filings, should consult the Campaign Finance Handbook or contact NYSBOE for specific instructions on when to file their first campaign financial disclosure report.*

PACs, Party and Constituted Committees

Primary and/or general election reports are required from all registered PACs, party and constituted committees, unless a Notice of Non-Participation in Election(s) by a Registered PAC, Party or Constituted Committees (CF-20) is qualified for and filed.

New York City - Additional Requirements

All New York City candidates for mayor, public advocate, comptroller, borough president and city council must register, file campaign financial disclosure reports, and comply with all NYSBOE campaign financial disclosure requirements. In addition to complying with NYSBOE's requirements, New York City candidates for the offices listed above must also register and file with the New York City Campaign Finance Board (CFB). If you are a political committee raising or spending in any of these races, in addition to NYSBOE requirements, please be advised there may be additional registration/reporting requirements with the CFB. Contact the New York City Campaign Finance Board (CFB) at www.nyccfb.info or by calling (212) 306-7100.

Fill-in Forms are Now Available

Fill-in forms for registration, amendments, resignation, terminations, etc., are now available on the NYSBOE website to enable filers to enter information directly on the applicable form. Once completed, filers must print, sign and mail the form to the applicable board(s). The Campaign Finance Handbook and the following forms are available on the NYSBOE website at www.elections.ny.gov/CampaignFinance/Handbook,Forms&Publications and by calling NYSBOE at (518) 474-8200 or 1-800-458-3453.

Electronic Filing System (EFS) Software Version 5.1

The new Electronic Filing System (EFS) Software Version 5.1 is now available on the NYSBOE website. The new software functions on a variety of operating systems, including Macs, and offers a more intuitive approach to entering data. New filers are now receiving V5.1 of the software as they register. All filing schedules remain unchanged. Filers using the earlier version, V4.0 may continue to do so. All information for filing campaign financial disclosure reports using EFS V5.1 or EFS V4.0 is now available on NYSBOE's website:
www.elections.ny.gov/CampaignFinance/FileDisclosureReports

Filing Options via the Internet

Need to file a No-Activity Report, In-Lieu-Of Statement or send a notification? The following items can be submitted directly via the NYSBOE website using your Filer ID# and Pin:

- No-Activity Report
- In-Lieu-Of Statement
- Notice of Non-Participation in Election(s) by a Registered PAC, Party or Constituted Committee
- 24-Hour Notice

To make any of these specific types of filings go to www.elections.ny.gov, link to "Campaign Finance", select "File Disclosure Reports" and follow the step-by-step instructions.

Forgot Your PIN?

Whenever you use NYSBOE's Electronic Filing System (EFS) Software to submit your disclosure reports, you must have the Personal Identification Number (PIN) issued by NYSBOE. PIN use is mandatory as the PIN serves as your electronic signature. **Disclosure reports submitted with an incorrect/incomplete Filer ID# or PIN or no PIN will be rejected.** Forgot your PIN? Contact NYSBOE at (518) 474-8200 or 1-800-458-3453. When calling, please have your Filer ID# or name of the candidate/committee ready. Note that only a designated filer (the treasurer of a committee, or a candidate making his or her own filings) can request the PIN.

Contribution Limits

The NYS Election Law establishes certain limits on contributions that can be given and received by candidates and political committees, as well as limits on contributions that can be given by individuals and other entities. Please consult the NYSBOE website and/or the Campaign Finance Handbook chapter titled "Contribution and Receipt Limitations". For local candidates/political committees, contact your local board(s) of elections for contribution limits (based on the number of enrolled/registered voters).

Independent Expenditure Requirements

In 2012, NYSBOE promulgated a regulation (9 NYCRR 6200.10) setting forth the requirements under existing law that individuals, organizations, corporations, political committees or any entity making political expenditures must follow to disclose independent expenditures.

Specific to independent expenditures, those making them must register a committee with NYSBOE and/or a local board of elections, as appropriate, through which to report the activity. An independent expenditure is an expenditure made subject to section 14-100 of the NYS Election Law that:(i) expressly advocates for the election or defeat of a candidate; and (ii) is independent of the candidate or his agents or authorized political committees in that the candidate or his/her agents or authorized political committees did not authorize, request, suggest, foster or cooperate with in any way.

The U.S. Supreme Court in the *Citizens United Case* addressed the making of independent expenditures by corporations and unions. It did not prohibit limits on contributions, including those made by corporations. An independent expenditure is not the same as a contribution. The decision does not change NYS Election Law.

Federal Bi-Partisan Campaign Reform Act (BCRA)

There are significant requirements under BCRA that apply to political committees filing with either NYSBOE, a county board of elections, the New York City Board of Elections, or with a village clerk. Under certain circumstances, these committees will need to submit campaign financial disclosure reports with the Federal Election Commission (FEC). For further information, please contact the FEC at www.fec.gov or call 1-800-424-9530; or go to www.elections.ny.gov, link to Campaign Finance and under Useful Links select Federal Bi-Partisan Campaign Reform Act (BCRA).

Internal Revenue Service (IRS) Filing Requirements

For specific details consult the IRS website www.irs.gov or call toll free at 1-877-829-5500. For a synopsis concerning IRS filing requirements go to www.elections.ny.gov, link to Campaign Finance and under Useful Links select Memorandum: I.R.S. Filing Requirements.

Campaign Materials

For all filers who were involved in any 2012 Primary/General/Special Elections or will be involved in any future elections, section 14-106 of the NYS Election Law requires that you provide a copy of all broadcast, cable or satellite schedules and scripts, internet, print and other types of advertisements, pamphlets, circulars, flyers, brochures, letterheads and other printed matter purchased or produced, with the post-election campaign financial disclosure report made for each election (primary, general and/or special election) in which the filer was involved, to all the applicable board(s) of elections where election reports are required to be submitted. If no campaign material was produced, a disclaimer so stating must be filed in conjunction with the applicable post-election report. If such applicable campaign materials or disclaimer from 2012 have yet to be submitted, please do so immediately with the applicable board(s) of elections. The same rules apply for all future elections.

Non-Compliance and Penalties

There are significant consequences for both treasurers and candidates, which may include penalties, for failure to comply with the requirements of the NYS Election Law relating to campaign financial disclosure reports. This includes failure to file required campaign financial disclosure reports.

NYSBOE, or a local board of elections where applicable, may institute a judicial proceeding (i.e., lawsuit) to obtain filing compliance as well as a financial penalty, plus costs and disbursements, for bringing the proceeding. (EL14-126(1))

Reminders for Filers

- **Filing an amendment:**
  It is important to understand that the amended report replaces the original report. As such, simply filing only the corrections/changes will result in an incomplete filing. You must resubmit all unchanged transactions, together with the corrections/changes. Amendments apply to transactions that: 1) were reported and need to be modified; 2) occurred in the reporting period and should have been reported in the filing, but were not; or 3) were reported, but were incorrectly included, as they were outside the date range of the particular filing. Note: Amendments to one report may require the amendment of additional report(s).

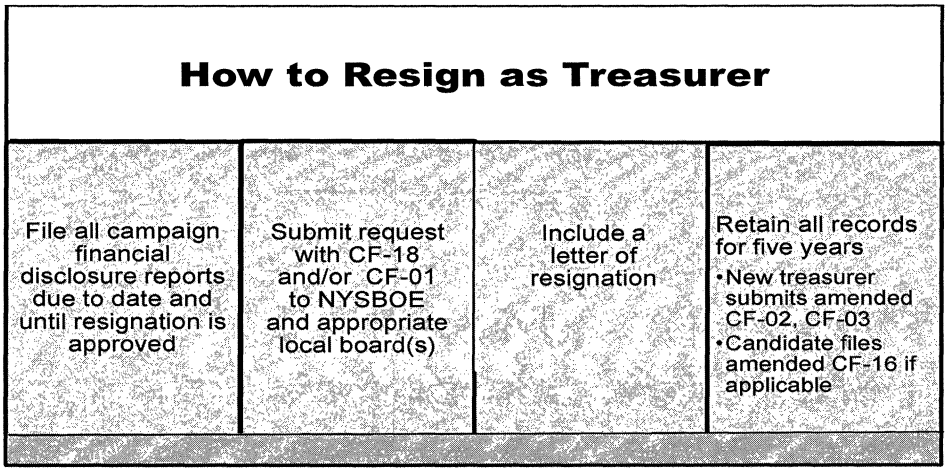
- **Saving a report/filer verification of receipt by NYSBOE:**
  Saving the report to the filer's computer does not transmit the report to NYSBOE; you must take appropriate steps to send it as an email attachment, or submit it by diskette, CD or DVD. Filers should verify NYSBOE's receipt of their report at www.elections.ny.gov. If the report is not viewable on the NYSBOE website after 24 hours, contact NYSBOE immediately at 1-800-458-3453.

Treasurers/Candidates are Obligated to:

- Keep detailed accounts of all receipts, transfers, loans, liabilities, contributions and expenditures made by the candidate or committee or any of its officers, members, or agents acting under its authority or on its behalf.
- File campaign financial disclosure reports detailing receipts and expenditures in accordance with the dates on NYSBOE's annual filing calendar.
- Request treasurer resignation/filer termination from appropriate board(s) and complete all filing obligations until the request is granted.
- Maintain campaign records for a period of five years.

Treasurer's Resignation

Treasurers must submit resignation requests to NYSBOE. In order to resign, a treasurer must complete a series of steps (see chart). Note that resigning at one board does not resign you at any other board. You must request resignation and receive approval from all applicable boards.



Termination of Committee or Candidate's Filing Obligation

Termination ends a filer's obligation to file. In order to terminate, the filer must complete a series of steps (see chart). All filing obligations continue until the termination process is approved. Note that terminating at one board does not terminate you at any other board. You must request termination and receive approval from all applicable boards.

How to Terminate				
File all campaign financial disclosure reports due 'til termination is approved	Have ending cash balance of $0 reflected in the final itemized report and bank account	Have no outstanding loans or liabilities	Submit CF-18/ CF-01 to NYSBOE and appropriate local board(s)	Submit outstanding evidence of forgiveness/ indebtedness

- All committees that are taking part in the campaign of any candidate by making direct expenditures on the candidate's behalf must complete this form. It should be filed together with the Committee Registration/Treasurer and Bank Information form (CF-02).

- Enter the name of the committee. If an acronym is used in the name of the committee (e.g. "NYSBOE" = "New York State Board of Elections"), please also spell out the acronym in the space provided.

Section A: List candidate(s), including residential address(es), who have authorized you to be a committee for their campaign. This means the candidate(s) have affirmatively acknowledged to you that your committee is authorized to aid or take part in their campaign, which includes raising and spending money on their behalf. The **authorization is determined by the candidate(s), not the committee.** The mere fact that the candidate (s) know that your committee is conducting activity relative to their campaign does not constitute authorization.

Note: The candidate(s) listed in this section may need to file the Candidate's Authorization for a Committee to Make Campaign Financial Disclosures form (CF-16). See form CF-16 for clarification.

Section B: List candidate(s) who have **not authorized** your committee to aid or take part in their campaign as explained above. Residential address(es) are not required.

- If your committee aids or takes part in the election or nomination of candidates **only by making contributions** and does not otherwise aid or take part in their campaign through direct expenditures, then you **do not** file this form (e.g. PAC's do not file this form).

- This form is required to be filed prior to the first election to which it relates and will remain in effect for each subsequent election. However, if any information provided on this form changes, other than the year of election, then you must file an amended form.
